The Washington State Developmental Disabilities Council (DDC) is hosting a Town Hall Meeting. The Council would like to learn more about community supports in your area and the challenges facing individuals with developmental disabilities and their families.

Please attend if you are:

- An individual with developmental disabilities
- A parent or family member
- Advocate or stakeholder

Join us and share your thoughts that the DDC will use to develop policies on statewide issues.

Members of the general public are encouraged to attend if interested in learning more about developmental disabilities.

Please RSVP to Linda West at linda.west@ddc.wa.gov or call 1-800-634-4473.
